

Friday 28th June 2024

Dear Parent/Carers,

What beautiful weather to enjoy our sports days! It has been lovely to see so many of our families joining us and cheering the children on for a fun filled event. Thank you to all who attended.

Around school I have seen lots of fun outdoor play and learning and pupils enjoying the sunshine: Please remember suncream, hats and spare clothes for those playing with water.

As we get closer to the end of the summer term we can look forward to the 'Colour Move' on the 10th July. Tickets are available online and we look forward to seeing everyone there. Please return consents as soon as possible.

Meet the teacher is also on the 10th July, details will be sent to you all. This will give parents the opportunity to meet with teachers in preparation for September.

Our last newsletter this term will be sent out on the last day of term - Friday 19th July, after this I hope everyone enjoys a lovely relaxing summer holiday.

Thank you for your continued support,

Shelly Allen

Specialist HLTA Behaviour Lead and Thrive Practitioner

Dear Parent/Carers,

We are delighted to be starting work on the much-needed project to upgrade our facilities and make our school more sustainable. The school will be closed for the six week Summer holiday period, meaning our teaching teams can not be on site to make the school welcoming for our young people to return. All learners will return to school on Thursday 5th September to allow us an extra day to complete these tasks. I'm sure you understand how important this is to make the school ready for the new Autumn term. We will inform transport of this change.

Many thanks
Kelly Bland
Academy Head

Warren school welcomed the Jaylow coffee truck to school on Friday. All staff were given a voucher to exchange for a coffee or milkshake.

The team are so important here at Warren school and we wanted them to know how much we appreciate all their hard work!

Meet the Team

Paris Frazer : - Office Manager

Hi, I'm Paris the office manager at Warren School. I joined Warren office team in January 2022. I started as an office junior then progressed to PA for the Headteacher & SENCO, before moving into my current role in September 2023. I am enjoying the challenge & diversity my new role brings and it's exciting to have seen many changes over the past few years within the school that have had a positive impact on our pupils, staff & wider community. Although I come from a medical background and had not previously worked in a school, Warren school and our wonderful pupils have sparked in me a love for education.

Outside of work I am kept busy by my two daughters, 4 ponies and an excitable cocker spaniel named Ralph. I teach children to ride in my spare time using my daughter's ponies and I love seeing the children progress and gain confidence.

Meet the Team

Elaine O'Leary : - CPD & Exam Officer

Hello, I'm Elaine the CPD & Exams Officer.

I started working at Warren School in 2021 via an agency. I was offered a full time position in January 2022 as Data & Information Officer & changed to my current position in April 2023.

I have extensive experience in clinical research /computer systems & office procedures. I moved to Lowestoft from Hertfordshire in 2021. I have two children and five grandchildren. I have personal experience from my own family of SEN and this drives my passion for working at Warren school.

My hobbies are spending time with family, crosswords, reading and camping.

Class 1

This term, Class 1 has been looking at plants. Our sensory story is about a tiny seed that is blown by the wind around different places through the seasons. This finally grows into a beautiful big flower. We have been exploring different materials such as soil, seeds, water, ice and sand. We have been placing our hands in hot and cold materials and seeing which we prefer.

We have listened and joined in with music about flowers in our Tacpac and wellbeing massage activities and plants and in sensory art sessions we have been making pictures out of natural materials, twigs, flowers and seeds.

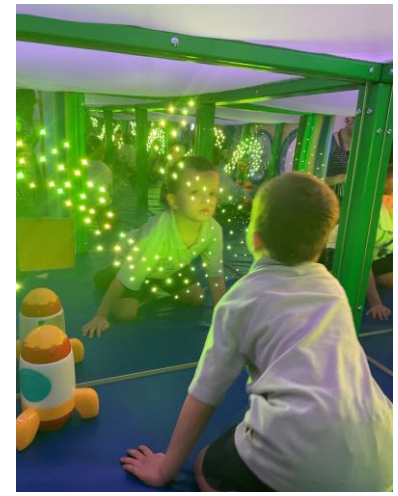

We have been to the garden centre to experience the vast range of plants and exploring their scents, textures and varied colours. We purchased some plants while we were there and potted them. We are watching them grow into flowers in our tubs in the courtyard.

Class 2

This half term Class 2 have been learning about all things space! We have enjoyed lots of space themed sensory exploration, learning about planets making artworks and models of each, making planet cookies and edible alien slime in food technology, and playing with rockets. We have recently enjoyed visiting the newly refurbished sensory room as a class and this week we had a small visitor in the form of a hedgehog, class 2 were fascinated by this visitor, and we gave him water and a snack before sending him off to a sanctuary to take care of him, he has also been named Warren.

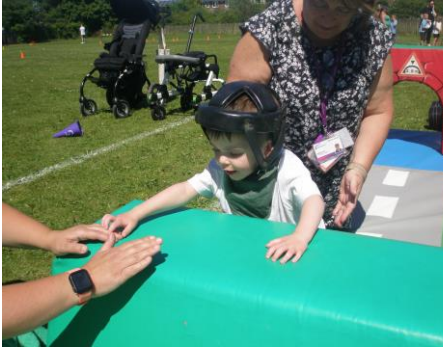

Sports Day

This year we had stunning summer weather for the annual Sports Days with parents, staff and pupils all joining in and having fun. There were lots of different activities, and drinks, fruit, and a well-deserved ice lolly for the pupils.

It was so nice to see such a huge turn out of parents to watch the students excel in everything we have been working towards in PE this term. We hope you had a great afternoon and were as proud of the students as we were.
